

Shepherd University Board of Governors
November 10, 2005
Agenda Item No. 5

NAMING OF CAMPUS ROAD

Consistent with the Campus Master Development Plan and the designs for the new residential apartment complex, proceeds from the infrastructure bonds of 2004 are being used to provide water, sewer and electric service through much of the undeveloped portions of the West Campus. They will also provide for a new loop-road which will run from behind the Butcher Center, west and then north of the new apartment complex, and then to Shepherd Grade.

The following resolution is recommended for adoption by the Board:

RESOLVED, That the Shepherd University Board of Governors approves the name University Drive for the new road on the West Campus, running from behind the Butcher Center to the intersection with Shepherd Grade.
