## MISSION STATEMENT

The mission of the Scarborough Society is to provide new sources of supplemental funding for the Shepherd University Scarborough Library system through a membership society dedicated to enhancing its collections, programs, and technologies.

“Ruth Scarborough was an extraordinary scholar, superior teacher, and loving aunt who introduced me to the world, as the library that bears her name has continued to do for generations of Shepherd’s students.”

*Karen Hedlund, Ruth Scarborough’s niece*

“I think the library is the most important research resource on campus.”

*Garrett Perrella, Shepherd student*

“The Scarborough Library is a major partner in the transformative learning processes that occur at Shepherd University. We are committed to providing significant resources that enrich the local community and region. Through the dedication and generosity of the Scarborough Society, the library is able to provide cutting edge technologies and resources that meet the needs of the 21st century learner. Sincere thanks go to the Scarborough Society for assisting us in making the library an innovative center of excellence for all.”

*Ann M. Watson, Dean of the Scarborough Library*

## WHERE THE MONEY GOES

Annual membership dues and proceeds from the annual Scarborough Gala provide the funds to:

- **Support** and enhance the library’s collections
- **Update** and expand technological capabilities
- **Support** programs for staff and students
- **Partner** with the Shepherdstown Film Society in providing free films and film discussions for Shepherd students, faculty, and the wider University community
- **Support** student internships
- **Create** endowments to offer future funding for the library
- **Honor** special requests for initiatives that enhance student and community learning
