PurPOSE
Leaves of absence without pay may be granted for medical reasons, personal need, or in compliance with the West Virginia Parental Leave Act and the Federal Family Medical Leave Act.

ELIGIBILITY
In order to meet eligibility requirements, an employee must be a full-time regular employee.

PROCEDURE
Employees must send a written request to the President to seek approval for a leave of absence without pay, whether it is for medical reasons or for personal reasons. Employees must also submit a Medical Leave Verification form completed by an appropriately licensed treating healthcare provider if the leave without pay request is for medical reasons. The physician’s signature is required on the form (as opposed to the signature of a member of the physician’s staff).

PROCESS
The President, at his or her discretion, may require the written approval of the supervisor and/or head of the department before accepting the written request of an employee for a leave of absence without pay. The President shall determine if the purpose for which such leave is requested is proper and within sound administrative policy.

DURATION
Approved leave of absence without pay may not exceed a period of one year.

APPLICATION OF PAID LEAVE
All sick and annual leave must be exhausted before a medical or personal leave of absence will be approved.

All annual leave must be exhausted before the West Virginia Parental Leave Act can be applied.

Concurrent with the Family Medical Leave Act (FMLA) all sick leave must be exhausted before the employee goes off the payroll.
INSURANCE

Employees on approved personal leave of absence without pay may continue their group health insurance provided they pay the full premium costs (both the employee and employer’s share) of such health insurance. Employees on approved medical leave of absence without pay may continue their group health insurance provided they pay the employee’s share of such health insurance. (Source: Shepherd University Board of Governor’s Policy 10)

Arrangements must be made through the Payroll Office for these insurance premium payments.

HOURLY PAYROLL

Employees who are on a leave of absence without pay may be transferred to the hourly payroll when they deplete their leave, at least until they have accrued five days of leave upon their return. Employees may not routinely take leave without pay when they have annual and sick leave accrued.

RETURN TO WORK

Before employees return to work, they must present to the Human Resources Office or to their supervisor a Medical Release to Return to Work form signed by the treating physician to the Human Resources Office. If the form is presented to the supervisor, then the supervisor must forward the release to the Human Resources Office.

At the expiration of a leave of absence without pay the employee shall be reinstated without the loss of any rights to the employee’s position or a comparable position. Failure of the employee to report promptly at the expiration of an approved leave of absence without pay, except for satisfactory reasons submitted and approved in advance, shall be cause for termination of employment by the institution.
