CHAPTER OF THE YEAR GOES TO...

We were excited to announce Delta Zeta as the 2015-2016 Chapter of the Year. This chapter has shown excellence in programming, recruitment, scholarship and leadership. Throughout the year they have planned and implemented two successful philanthropy events which involved other Greek Organizations and Campus Staff that not only raised money for their philanthropy, but educated the campus and community about their mission. They had outstanding programming promotion of Anti-Hazing this past February that reached various parts of campus through their multiple efforts to promote the Anti-Hazing message. Delta Zeta has a strong emphasis in promoting their first priority, academic achievement, which they do through various programming events and incentive activities in their chapter. Their dedication shows through by holding the highest GPA of the sororities on campus and exceeding the all women's average. Monthly, this organization volunteers for adopt a highway and has completed over 10 different types of service events this academic year. This chapter has implemented various marketing strategies that are promoting their chapter in a positive light. Overall, this chapter showed a strong campus presence, strategies to improve recruitment, scholarship and leadership for its members, while also providing educational philanthropic events on campus and service to the community.
