Department Chair Instructions to
Review and Approve Posting Requisitions and Personnel Actions

When a personnel action request or posting requisition has been submitted for your approval you will receive an email from HRweb@shepherd.edu. The email message will be similar to one of the following.

Job Posting Submitted for Review/Approval
A job posting from the department of ____ for the position of ____ has been submitted for review/approval. Please log in to the online system at https://jobs.shepherd.edu/hr to review and perform action on this request.

Hiring Proposals, Separations, Stipends, Hire Adjunct, New/Modifications to Position Descriptions
A ___ from the department of ____ for the position of ____ has been submitted for review/approval. Please log in to the online system at https://jobs.shepherd.edu/hr to review and perform action on this request.

To perform action on these requests log in to https://jobs.shepherd.edu/hr using your HR System username and password. If you have never logged on before or have forgotten your password please contact Marsha Branch at extension 5328 or mbranch@shepherd.edu.

Do not use your browser’s “Back”, “Forward”, or “Refresh” buttons to navigate this site, or open a new browser window from your existing window. This may cause unexpected
results, including loss of data or being logged out of the system. Please use the navigational buttons within the site.

After you log in you will see a screen similar to the one below. It will default to the active postings for your area. The navigation bar on the left side will allow you to select the pending action or proposal that requires your review/approval.

At the top of the page you will see a message similar to this:
“Welcome (your name). You are logged in.
Your Current Group: (will either be Employee, Supervisor or Dept Chair)

If you are approving actions as the “Dept Chair” make sure that the current group listed is “Dept Chair”. If it is not, click on “Change User Type” from the left hand navigation bar and change the user type.
