Students who are especially interested in education in nursery schools, daycare centers, or at the kindergarten level may wish to add this endorsement to the elementary education K-6 program. Upon completion of the four courses below, successful student teaching at the kindergarten level, and satisfactory completion of the elementary education K-6 program, a student may be recommended for certification in both areas.

EDUC 314 - Foundations of Early Education .......................... 3
EDUC 334 - Instructional Strategies in Early Education .............. 3
EDUC 336 - Clinical Experiences in Early Education .................. 3
FACS 304 - Child Development ............................................. 3

Note: EDUC 314, 334, and 336 are offered every third semester in the above sequence.

The sequence begins with EDUC 314 in spring 2012 and again in fall 2013. Students should plan accordingly in order to follow this sequence.

The Teaching Endorsement for Early Education PreK-K follows NAEYC Standards and WVDE Standards.
