*ABOUT THIS PUBLICATION*

The President's Report and Honor Roll of Donors honors donors to Shepherd University during the 2009-10 fiscal year and provides an overview of Shepherd activities and events during the academic year. The President's Report and Honor Roll of Donors is produced by the Foundation Office, Office of External Affairs, Office of Alumni Relations, and Office of Advancement.

On the Cover: McMurran Hall, built as a community building in 1859 by Rezin D. Shepherd, is named in honor of Shepherd's first principal (president) Joseph P. McMurrinan. The building served as the courthouse for Jefferson County from 1865 until 1871. When the county seat returned to Charles Town, the citizens of Shepherdstown approached Shepherd's grandson, Shepherd Brooks, and made an arrangement for Shepherd College to open its doors in the building in September 1871.

FROM THE PRESIDENT

This issue of the President’s Report and Honor Roll of Donors 2009-10 features the previous academic year’s highlights (of which we are so proud!) and pays tribute to the many alumni and friends of Shepherd University who have so generously supported the University with their gifts and bequests. As this annual report so clearly demonstrates, many programs, activities, and student scholarships would not exist at Shepherd without the support of our loyal donors. Thank you for showing your support of and belief in the Shepherd University mission in such a lasting and significant way.

An emerging avenue of funding for Shepherd is external support from private foundations and state and federal government. We have seen recent success in this new area of research funding with the receipt of the $1.1 million, five-year renewable grant from the U.S. Department of Education’s Student Support Services TRIO program; the $100,000 matching research grant from the state program Bucks for Brains Research Trust Fund; the $1.7 million contract with the West Virginia Department of Health and Human Services for developing electronic medical records; and the numerous environmental, science, and engineering research grants awarded to our faculty on an annual basis.

This new source of external funding has received a big assist from Dr. Colleen Nolan, who wears two hats as the dean of the School of Natural Sciences and Mathematics and as the director of the Shepherd University Research Corporation, and from Warren Calderone, director of foundation, government, and corporate relations. They assist our faculty in identifying and seeking grant opportunities. The grant work that Warren and Colleen undertake makes the lives of our faculty easier by allowing them to concentrate on their primary mission—teaching and preparing Shepherd students for professional success.

The benefits of faculty grants are twofold: the grants are aimed at undergraduate research, allowing for intellectual growth and development of Shepherd students, while at the same time giving our faculty the opportunity to perform and share research in a national forum. These opportunities expand avenues for faculty to develop ever greater expertise in their disciplines, which concurrently can result in improved teaching and mentorship of Shepherd students.

I applaud our committed donors who, along with Shepherd’s dedicated faculty and staff, make Shepherd University a premier public liberal arts university.

Suzanne Shipley, Ph.D.

PROFESSIONAL CONNECTIONS DAY
The Alumni Association in partnership with the School of Business and Social Sciences held the first Professional Connections Day in April 2010. The daylong conference was organized to connect current Shepherd students to Shepherd alumni for an opportunity to discuss career planning and to hear from alumni about their careers since graduating from Shepherd. Shepherd students attended several different sessions which covered topics ranging from career development to workplace communications for small business entrepreneurs, corporate, government, and nonprofits. The event was attended by more than 300 Shepherd students, and 13 alumni served as guest speakers.
Honor Roll
A lifelong resident of Jefferson County, Elizabeth Snyder Lowe ’52 (pictured left with President Suzanne Shipley at the 2009 President’s Reception for Donors and Scholars) is among the third of four generations of the Folk-Snyder-Lowe family to attend and graduate from Shepherd University. Betty currently serves on the Foundation board of directors and sponsors two endowed scholarship funds—the John D. and Elizabeth Snyder Lowe Scholarship Fund and the Virginia Lowe Ramsburg Memorial Scholarship.

The late Dr. C. Vincent Townsend was a charter member of the Ram Gridiron Club and the regional medical director of North Eastern Regional Emergency Medical Services for more than 20 years. Upon his retirement, members of the EMS community established the C. Vincent Townsend EMS Scholarship in support of safety management students in the Eastern Panhandle. Dr. Townsend, who passed away in December 2009, is pictured above with his wife, Sara H. Townsend, at the 2009 Scarborough Society Gala.

The Amanda Smailes Memorial Scholarship, established by the Smailes family, honors the memory of Shepherd student Amanda Smailes, whose life was ended by a drunk driver fleeing West Virginia State Police. As a result of this tragedy, the legislature passed the Smailes Bill (H.B. 2221) which made actions causing police chases and injury to innocent bystanders a felony. The scholarship is designated for a nursing major from Berkeley County. Family members who attended the 2010 Joseph P. McMurray Society dinner are (l. to r.) Ted Rybak, Cynthia Smailes-Rybak ’98, Christi Smailes-Smith ’95, and Kelly Smith.

How do I establish an endowed fund?
It is a simple process to create a legacy that will honor someone special in your life. A named endowed fund may be established for a minimum deposit of $25,000. For assistance, please contact Monica Lingenfelter at 800-344-5231 or 304-876-5397 or e-mail mlingenf@shepherd.edu.
Shepherd University is a state-assisted institution. During the 2009-10 academic year, only 19 percent of Shepherd’s budget was funded by the state of West Virginia. State support for institutions of higher learning has been steadily declining in recent years.

Shepherd University students are motivated and resourceful in financing their educations. Despite innovative use of resources, students depend more and more on private scholarships to bridge the gap between family finances and the cost of their education. Private annual and endowed gifts through the Shepherd University Foundation directly assist students through scholarship awards.

Likewise, faculty members rely on limited private funds for academic research and technology to inspire and sustain innovative curriculum. Endowed faculty excellence awards assist Shepherd to recruit and retain distinguished faculty members who inspire our students to excel.

Over the years, your private gifts have funded support for student scholarships, academic programs, and faculty excellence, steadily increasing to reach over $1.3 million for the 2009-10 academic year.

Your private gift will make a difference.
