Our Mission...

Shenandoah Valley Medical Systems (SVMS) exists to provide the highest quality of health care services to all people. The organization is an advocate and leader on behalf of the health care needs of the entire community.

Behavioral Health Services (BHS) supports the mission of SVMS. We strive to provide quality Behavioral Health Care, Employee Assistance Programs, and Substance Abuse Services in a caring, cost-effective, convenient manner through a coordinated program of prevention, diagnosis, treatment, rehabilitation, and support. We are an affiliate of West Virginia University East.

Our Vision...

Behavioral Health Services' vision is to become the behavioral health provider of choice in the Eastern Panhandle of West Virginia.

Our Staff

Behavioral Health Services (BHS) multidisciplinary staff consists of adult and child team of experienced, fully licensed, certified, and caring professionals. All programs are Joint Commission accredited and staff board certified.
